Assessment : How will you know that the young people learned or are able to perform the indicators?

Where in your catechetical materials did you find the performance indicators?

Some Sample Activities

Use selected miracle stories to demonstrate the importance of faith in developing a personal relationship with Jesus (LK 8:40-48, 49-56; MT 9:27-31).

Engage young people in a discussion about those in whom they have faith or trust (e.g. parents, friends) and the characteristics of the relationships. Then, connect this understanding to a relationship with Jesus.

Provide time for the young people to create a drawing, compose a paragraph or write lyrics for a song which answers the question - Who is Jesus for you?

Read Scripture passages that demonstrate the relationship Jesus has with those who accept him (e.g. JN 10:14,15; JN 15:14-16; MT 11:28-30; JN 10:3).
