School Calendar: please visit our website or look in the "Seton Catholic Student Handbook"

Our Seton Catholic family of faith

fosters academic excellence, nurtures personal responsibility, and encourages service to others in the spirit of Jesus.

Our school is based in the Catholic tradition, serving students Pre-K through 12 of diverse backgrounds from all over the world. By providing a high-quality education which incorporates technology and differentiated instruction, we educate each individual student — in every grade — with respect to their unique qualities.

Fulfilling the mission of our patroness, St. Elizabeth Ann Seton, Seton Catholic fosters responsible decision-making skills within individuals and groups, as students participate in a wide variety of experiences. The school promotes an ongoing commitment to addressing the needs of others in the community and around the world through works of peace and justice. Seton inspires lifelong learning and mastery of communication skills in reading, writing, speaking and listening to prepare students for higher education and for life.

Seton Catholic offers an extensive curriculum that provides a high-quality academic education — incorporating the use of technology and differentiated instruction — and respects the uniqueness of individuals. The school community studies the teachings of Christ and participates in liturgy and para-liturgical experiences. Extra-curricular and social activities enable students to develop their own leadership skills and character. Seton’s qualified faculty collaborates with families in fostering the growth of the whole person. The school offers a diverse and comprehensive education, which encourages intellectual curiosity. As expressed in the mission statement, Seton Catholic strives to produce a catalyst for change and growth in the Catholic community as well as in society.

We are a Catholic school, and we believe....

- Prayer and worship connect us with God and with one another. We strengthen our relationship with God as we live out the Gospel message.
- Through our curriculum our faculty strives to develop analytical and critical thinking in our students.
- We are a community of faith-filled learners. We are all encouraged to be responsible, contributing members who support each other.
- As members of a global community, our differences are to be honored and respected and each of us has the responsibility to expand our knowledge of our nation and our world.

General Requirements:

Students are enrolled in Seton Catholic for an education. This demands discipline on the part of each student. All students are expected to cooperate with teachers at all times. A student is expected to arrive at class prepared and ready to learn.

1. Bring all books and materials needed for the class.
2. Be seated and have materials ready when the period bell rings.
3. Give undivided attention to the teacher.
4. Prepare assignments neatly and on time.
5. Have good classroom manners.

SETON CATHOLIC GRADUATE PROFILE

The graduate of Seton Catholic will demonstrate:

1. Essential knowledge and skills, including competency in reading, writing, mathematics, speaking and listening.
2. Creative-thinking 21st-Century skills, including the ability to process, present, research, and organize information.
3. A desire for continuous learning, self-improvement, and self-respect through service to others, as well as personal discipline.
4. Self-realization and decision-making skills based on Catholic values, personal responsibility, and one's rightful place in the world.

Seton Graduation Requirements:

Students must earn at least 24 credits in high school, regardless of course level. In addition, students must complete a total of 100 hours of Community Service (average of 25 hours per year) by the end of senior year.

Subject Area	Number of Credits Earned in High School
Theology	2 (.5 per year)
ELA	4
Social Studies	4
Mathematics	3
Science	3
Languages Other Than English (LOTE)	1
Visual Art, Music, or Performing Arts	1
Physical Education	2 (.5 per year)
Health	.5
Electives	3.5
TOTAL:	24

Vocational Opportunities:

Champlain Valley Educational Services (CVES) is the regional center of the Board of Cooperative Educational Services (BOCES). The center offers vocational education programs to the students of Clinton County. Interested students must have completed the 9th grade. Champlain Valley Educational Services (CVES) makes it possible for a student to be trained in an occupation, while completing his/her high school education. Students enrolled in the program attend Seton Catholic for half of the day, and travel to the vocational training center for the remainder of the day. Transportation is provided to and from the center. For more information, students should contact the Guidance Office.

New York State Graduation Requirements

Understanding Current New York State Diploma Requirements

To earn a NYS diploma, students must meet credit and exam requirements. These requirements are separate and distinct and do not have to happen simultaneously.

Note: School districts may create diploma requirements in addition to those required by the NYS Education Department (NYSED).

Credit Requirements

This table shows the number of credits required for each subject. It's important to note in most subjects, students choose the courses they want to take to meet the minimum requirements.

	Minimum number of credits
English	4
Social Studies	4
<i>Distributed as follows:</i>	
<i>Global History and Geography (2)</i>	
<i>U.S. History (1)</i>	
<i>Participation in Government (½)</i>	
<i>Economics (½)</i>	
Science	3
<i>Distributed as follows:</i>	
<i>Life Science (1)</i>	
<i>Physical Science (1)</i>	
<i>Life Science or Physical Science (1)</i>	
Mathematics	3
Languages Other than English (LOTE)	1*
Visual Art, Music, Dance, and/or Theater	1
Physical Education	2
<i>(participation each semester)</i>	
Health	0.5
Electives	3.5
Total	22

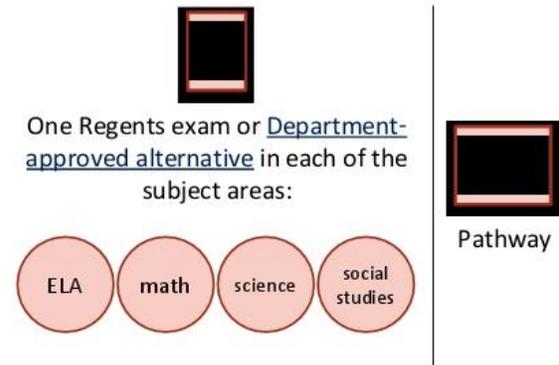

* Students with disabilities may be excused from the requirement for 1 unit of credit in LOTE if indicated on their IEP, but they must still earn 22 units of credit to graduate.

Exam Requirements

In addition to the 22 units of credit, students must also meet the NYS exam requirements to earn a diploma.

To meet the exam requirements, students must pass 4 exams + 1 pathway. All students must pass one exam (Regents exam or Department-approved alternative) in each of the four subject areas (English, mathematics, science, social studies) plus one pathway.

Note: If students are not able to earn a passing score of 65 on Regents exams, they may be eligible for [Appeals](#), [Safety Nets](#), and/or [Superintendent Determination](#). Additional information can be referenced in The [New York State Graduation Requirements: Additional Options](#) flyer.

Parent Guide - 11th Grade Program

Christian Learner/Social Emotional Learner/Digital Citizenship

Christian Learners/Social and Emotional Learners possess skills and attitudes that are the foundation of learning. Our thinking, approach and actions should show everyone we are Christians. Social and Emotional Learning (SEL) assists students to gain and apply knowledge, attitudes, and skills to understand and manage emotions, set, and achieve positive goals, feel, and show empathy for others, establish, and maintain positive relationships and make responsible decisions both in person and virtually. The tenets of Christian living and SEL competencies support the individual throughout life. Acting as Jesus would want us to act is the goal of everyone in our Catholic school community- teachers, parents, students, staff, principals, and pastors. The skills learned through understanding, adopting, and practicing social and emotional competencies and the values of our Christian faith will help ensure your children have a fulfilling life. So, welcome to our Catholic school. We are pleased to partner with you in the education of your children. We promise our prayer and support, and we ask for yours. We trust Jesus to bless the education we offer in His name.

Theology

Religion 11: Christian Scriptures (.5 credit)

This course is intended to help students understand the New Testament and to provide a foundation for adult exploration. Content areas include study of the Testament's structure, the historical and political background of the Early Christian world, the Holy Gospels, St. Paul, New Testament Letters, Acts, and Revelation. The course presents the Christian Scriptures as a source of our understanding of Jesus and his message. Students are called to apply the message of Scripture to their own lives, to live as Christians in today's world, and to be Biblically literate, active members of the Catholic Church. Students are introduced to the literary styles and techniques used throughout the Scriptures and provided with historical content to enhance understanding of respective books. Authentic Christian faith and moral teachings as found in the Testaments and in Church Tradition are transmitted to students.

English Language Arts

English 11

Extensive preparation for the English 11 Regents is the focus of this year's study. Listening, reading, and writing skills are practiced and refined to prepare students for the tasks required on the Regents Examination. Students read selections from American Literature, which reinforce U.S. History taught in the junior year. There is a continued emphasis on vocabulary study from literature and from the vocabulary book. Book reports and a literary research paper are required. Students are expected to pass the New York State Comprehensive English Regents Exam at the completion of this course.

Mathematics

Algebra 2/Trigonometry

Within this course, the number system will be extended to include imaginary and complex numbers. The families of functions to be studied will include polynomials, absolute value, radical, trigonometric, exponential, and logarithmic functions. Problem situations involving direct and indirect variations will be solved. Problems resulting in systems of equations will be solved graphically and algebraically. Algebraic techniques will be developed to facilitate rewriting mathematical expressions into multiple equivalent forms. Data analysis will be extended to include measures of dispersion and the analysis of regression that model functions studied throughout this course. Associated correlation coefficients will be determined using technology tools and interpreted as a measure of strength of the relationship. Arithmetic and geometric series will be evaluated. Binomial experiments will provide a basis for the study of probability theory, and the normal probability distribution will be analyzed and used as an approximation of these binomial experiments. Right triangle trigonometry will be expanded to include the investigation of circular functions. Problem situations requiring the use of trigonometric equations and identities will also be investigated.

Science

Chemistry

This course follows the NYS Regents Core Curriculum for Chemistry-The Physical Setting. Topics are covered in depth and include matter and energy, atomic structure, chemical bonding, the periodic table, mathematics of chemistry, kinetics and equilibrium, acids and bases, redox and electro-chemistry, organic and nuclear chemistry. This course includes both lecture and laboratory-oriented work. The students are required to take the NYS Regents Exam in June.

Social Studies

United States History 11

This course follows the NYS curriculum for American History and Government Regents course. It is required of all juniors not accelerated to A.P. US History. The NYS Regents Examination in American History and Government is required.

Advanced Placement United States History

This is a college level course open to juniors. The course covers the entire spectrum of American history. Students will learn the skills to analyze material and to deal critically with the problems and events of American History. At the end of the course, the student will take the CEEB A.P. Examination and the NYS Regents Examination in American History. *Prerequisite: Placement is based on present teacher recommendation and Department approval*

Physical Education

Students continue to build fundamental movement skills through instruction, and participation in practice and gameplay in many sports. Throughout the course, an emphasis is placed on improving individual levels of physical fitness and students are introduced to ways to maintain a physically active lifestyle.

Languages Other Than English

French III

It is especially in French III that students have the opportunity to use the French language to learn about history, art, music, social contents, and civic responsibilities. Topics can be coordinated with the colleagues across the school curriculum. This class concludes with the Comprehensive NYS Regents Exam.

Spanish III

This course will draw from prior knowledge of vocabulary, verb conjugations, and culture to focus on reading, writing, listening, and speaking at the Regents level Checkpoint B of the NYS Learning Standards for Languages Other Than English. This class is the summation of the foreign language studies and concludes with the Comprehensive NYS Regents Exam.

Art & Music

Chorus

Students in grades 9-12 who have the desire to sing and perform may join. Those students who play guitar and piano are also welcomed to join. Students in this course are required to participate in weekly lessons, all school masses and ceremonies, the Christmas shows, and the spring concert. Other optional performances include variety show solos, parts in the school musical, and the school play. There may be an option for more advanced members to participate in bi-county chorus, the NYSSMA solo festival, and area all-state chorus.

Collage/Altered Art

This class offers a comprehensive approach to the history and complexity of Collage. It will include some art history that focuses on the Modernist movement, Cubism, Dada, and Surrealism. The concept of Contemporary Art will be discussed, and students will come away with a better understanding of the role art plays in society. Students will learn how the Modernist period enabled this art form to emerge and grow through the art of Picasso and Braque. The class will examine examples of collage from the 1920's to the present and learn how Altered Art grew out of Collage. The artists Henri Matisse and Kurt Schwitters will be discussed, and examples of their artwork will be examined. Culminating projects include a collage and an altered art piece.

Ceramics

This class gives students a historical perspective on Ceramics and touches upon the who, when, and why of this important art form. Students will learn the basic history of Greek and Roman pottery and the techniques they used to decorate their work. Vocabulary and terms specific to ceramics will be taught, and students will learn how to construct and decorate clay vessels. Students will be instructed on the proper care and clean-up of materials and will create functional and artistic ceramic pieces.

Jewelry/Wearable Art

This class gives students a historical perspective on jewelry and touches upon the who, when, and why of this important art form. Students will learn about cultural differences and similarities

in jewelry and how geography plays an important role in design and creation. Jewelry is more than ornate-it may hold specific and special meaning in society. Students will contemplate and investigate why jewelry existed (and continues to exist) in so many ways around the world. Examples of jewelry from different cultures will be examined and students will gain an appreciation for cultural differences and styles. Like jewelry, wearable art is creative, expressionistic, and functional. It includes clothes, hats, bags, shoes, etc. Culminating projects include two pieces of jewelry and one piece of wearable art.

Folk Art

This class introduces students to the meaning and history of Folk Art. It will discuss the importance of craftsmanship, form, and function in pre-Industrial Revolution America. Students will also be shown how education and religion played a role in Folk Art. Paintings, sculptures, textiles, and household objects were created in Folk Art, and examples of each will be shown and discussed. Students will compare Folk Art to Fine Art and discuss similarities/differences. The works of Grandma Moses and Edward Hicks will be examined and discussed. Culminating projects include two pieces in Folk Art styles.

Photography

Digital Photography is a yearlong introduction to the digital camera as an art-making tool designed for students at the beginning level. The course will use digital photography to help students learn and apply the basic elements of art and the principles of design. This course will also provide students with opportunities to extend their knowledge and skills in the field of photography and the use of editing programs. Students will be able to create a portfolio for college.

Graphic Design

Graphic Design is a class that teaches art and technology. In this class, students will use design as a creative process in communication. Students will use the basic elements and principles of art and also learn how to use computer programs to design and illustrate the school yearbook, advertisement, and other projects for school.

Grade 11 Extra-Curricular Activities & Opportunities

Sports Offerings:	Clubs / Activities:	Events:
Soccer	Student Council	Homecoming Dance
Football	National Honor Society	Lenten Lock-In
Cross Country	Key Club	Annual Musical
Swimming	Peer Tutoring Program	Christmas Concert
Basketball	Yearbook	Christmas Dinner
Ice Hockey	Model UN	Liturgies/Prayer Services
Track & Field	Faith Ambassadors	Catholic Schools Week
Golf		Annual Student Service Day & Retreat Day
Tennis		Junior Prom
Gymnastics		After-Prom Party
		Bonfire

Additional Sports Teams, Clubs and Activities may be added or removed based on participation numbers.

Faith Based Community Service Opportunities:	11th Grade Fundraisers:	Parent Volunteer Opportunities:
Service Day	Prom Fundraising	Field Days
Battle of Plattsburgh	Christmas Grams	Annual Fundraiser Gala
Christmas Dinner	Movie Nights	Christmas Dinner
Peer Tutors	Restaurant Takeovers	After Prom Party

Parents interested in volunteering may contact Susan Pellerin: spellerin@setonknights.org.

Thank YOU for partnering with us in the spiritual growth and education of your child!!
