

# Diocese of Ogdensburg 2023 Respect Life Grant Application

## ~ Guidelines ~

### **DEFINITION:**

*Respect for human life made in the image and likeness of God is the underlying principle of our faith that urges us to affirm life from the moment of fertilization to natural death, in attitude as well as action. Most urgently, respect of human life calls us to protect life that is threatened by forces we oppose: abortion, abortifacients, the death penalty, human cloning, embryonic stem cell research, euthanasia, economic injustice, violence, and war.*

The Respect Life Grant Fund is made possible by the Diocese of Ogdensburg Respect Life Second Collection held in our parishes in January, commemorating the anniversary date of the Supreme Court's *Roe v. Wade* decision of 1973 which legalized abortion in our nation. In 2023, this collection will be held the weekend of January 21/22. The purpose of the fund is to support & encourage efforts that affirm & promote the respect of human life from fertilization to natural death.

### **APPLICANTS**

A grant applicant can be a group or organization, established or newly formed (a pastoral council, social ministry committee, school, class, youth group, parish respect life committee, community agency, organization, etc.).

A grant applicant is required not to challenge nor oppose any official Church teaching on any aspect of morality concerning the dignity of the human person. The applicant must use the funds in accord with Church teaching regarding the sanctity of life.

### **PROJECTS**

A project for which an applicant is seeking funds must demonstrate that the project serves to promote awareness of the sacredness and dignity of the human person.

A project must originate or occur within the Diocese of Ogdensburg.

A project which is to be funded must be in accord with the purposes for which federal tax exemption 501(c) (3) status is allowed. Thus, only educational efforts will be funded. No grant funds are to be used directly or indirectly for any electoral purpose. No funds are to be used for any lobbying or legislative training.

A project for which an applicant is seeking funds can be a new venture or a fully operational and existing effort although the project must not duplicate an effort already underway. When possible, work collaboratively in the same geographic locations.

- *New Project* funding is intended to support start-up of an effort that will address unmet need(s).
- *Existing Project* funding is intended to help maintain or expand an established effort.

### **GRANTS**

Grants are awarded from available resources, which will vary from year to year and be determined by the amount collected.

The amount awarded in any grant may differ from the amount requested.

Having received Respect Life Grant funds in one year does not affect or guarantee future funding.

**Applications for grant funds must be returned by February 28, 2023, to:**  
**John and Colleen Miner**  
**Respect Life Directors**  
**175 Lake Street**  
**Saranac Lake, New York 12983**
